\*Depending on the size of the dog.

### \*PLEASE NOTE:

ESTIMATED PRICES ONLY. Additional costs will apply for parasites that are present, a heavily soiled coat, any difficult behaviour or if your dog has a matted coat. Final cost depends on the complexity of the groom, how long it takes and breed type. Prices quoted DO NOT include dematting or excessive undercoat removal.

Heavily matted coats must be clipped short as extensive dematting causes TREMENDOUS stress and pain to a dog. Cost can differ from time to time depending on how long it has been since your last appointment.

Nail trimming and filing can only be done where dog permits. Some dogs can become aggressive or extremely stressed out for nails so if this is the case we would recommend you visit your vet for this procedure. Prices are inclusive of VAT.
